If Summit County is on the New York Ski Council's "to do" list this year, Arapahoe Basin would like to offer a "local" alternative. Simply bring your Keystone or Breckenridge lift ticket to our mountain and enjoy the high-alpine groomed runs, bowls, chutes and glades at the area known by Coloradans as The Legend.

## Letter from Chairman

Another summer is over. That means one thing, winter is around the corner. With a record season with over 60 million skier visits last year, this year is predicted to be better.

The Metropolitan New York Ski Council started out as the Central Ski Committee. Six clubs joined together to bring skiing information to New York. Today, the Metropolitan New York Ski Council is still doing what the original founders started.

The Metropolitan New York Ski Council represents skiers and boarders from New York City, Long Island, Westchester and Southern Connecticut. The Metropolitan New York Ski Council is a proud member of the National Ski Federation. The Federation represents Councils throughout the United States. Their mission is to strengthen Councils, with industry participation, so they can better serve member clubs through communication, benefits, education and to influence issues relevant to snow sports. Metropolitan New York Ski Council is run by people who volunteer their time. We are always looking for people to volunteer and help out.

This year the Council trip will be to Park City. We will be traveling in January 2012 and we are looking forward to having a great time. Last season we went to St. Anton, Austria. Weather was great, food was great, beer was great and the views were spectacular. The only problem was that I blew out my ACL in my left knee. After a successful surgery and some rehab, I will be ready for the upcoming ski season.

This year our annual race will be held at Sugarbush, Vermont. The race will be held on January 21, 2012. I did not medal and my son Brandon kicked my ... again. I have a lot of work to do to be able to beat him this year. We had a great time at the race and raised over \$1,800 for the Wounded Warriors Project. This year we hope to do even better.

Once again we will be sponsoring movie premiers. We will be at ski shows, ski shops and at as many ski club meetings that we can get to. The Council will be out there promoting winter sports and the benefits of joining a ski and snowboard club.

I would like to thank the advertisers in this guidebook. Their generosity and support made this guidebook happen. Please support these Resorts, Mountains, Lodges and Ski Shops. Let them know you saw their ad in the guidebook.

The Metropolitan New York Ski Council has been doing a lot of charitable work. Last year we donated to the Wounded Warriors Project, Cochran Ski Area and the Navigators. That is a local organization run by Robin Bossert of the Miramar Ski Club. The Council sponsored and participated in a Race Against Cancer at Shawnee Mountain as well. We collected used gear and clothing to distribute to various foundations that are in need of these items.

Travel and friendship is a benefit to being a member of a ski club. Other benefits include discounted lift tickets, discounted lodging, discounts at ski shops and Council ski days at various mountains throughout the Northeast. If you are a member of a ski Club represented by the MNYSC, then you are already enjoying these benefits. Discounts are listed on our website, [www.METNYSKI.org](http://www.METNYSKI.org) and on the National Ski Council Federation web site, [www.skifederation.org](http://www.skifederation.org).

Ski clubs are open to everyone. You are sure to find a ski club in your area. Some clubs have lodges, some like to travel. Some clubs are 21 and older while others are family oriented. There is a club out there that will suit your needs. Ski clubs are also year round sports clubs. They have bike trips, go kayaking and canoeing, golfing, camping, and have beach parties. What I like about skiing with a club best, is that I can find people that ski at my ability, have a passion for outdoor sports and like to have a good time. This is what it is all about, being on the slopes and enjoying life.

So, if you are not already in a ski club, go to a meeting and check it out. If you are a member of a ski club, enjoy the benefits from being in one. Remember, get out there and enjoy yourself. Hope to see you on the slopes.

## Introduction

THE METROPOLITAN NEW YORK SKI COUNCIL is a non-profit organization dedicated to the sport of skiing which embodies recreational skiing - Alpine and Nordic -and amateur ski competition, in the form of intra-club and inter-club races. Our interclub race, held continuously since 1936, is one of the oldest Alpine races.

The Met Council's ski clubs with a total membership close to 8,000 reflect all interests. Some recall our backgrounds, for example, the Norsemen, Swedish and German Ski Clubs; some our workplaces like Grumman or LILCO; others residence locations like New York, Suffolk and Garden City; and even National history - the Tenth Mountain Division. The Council is a forum for local, national and international skiing concerns. It organizes special events and presentations, develops programs, listens to gripes and praises, all part of the friendly and invigorating sport of skiing. Its efforts are very important in helping support the U.S. Olympic Team, the Ski Hall of Fame and working with the U.S. Ski Association and the National Ski Patrol System. "Special effort is continuing to work with the United Ski Industries Association, the new name for the merged National Ski Areas Association with the Ski Industries of America and now known as USIA, located at 8377-B Greensboro Drive, McLean, Virginia, 22102; re promotions geared toward safety in skiing programs and the new skier campaign".

American Skiing was born more than 100 years ago with the Nansen Ski Club of Berlin, N.H. and Norwegian settlers of Wisconsin, Minnesota and Michigan. After the turn of the century, the National Ski Association was formed, followed by its first division, The Eastern Amateur Ski Association chartered at Saranac Lake, N.Y. in 1922. When the Federation International de Ski (FIS) was formed (Chamonix, 1924) the National Organization joined them.

Due to the distance between New York City and these organizations the regional Met Council was begun here in 1934. Since then Eastern has dissolved and USSA has moved to Park City, Utah, making the Met Council an even more important forum for Eastern Skiing.

Founders of the Met Council were an important factor in leading the U.S. ski movement, and witness Roland Palmedo, who played a great part in the original development in Stowe, later starting his own ski area - Mad River Glen. He was instrumental in the early stages of the National Ski Patrol, carrying the number 2. About this time the Metropolitan New York Ski Patrol was formed with Ken Littlefield as chairman. The Patrol newspaper "Trail Sweep" was started by Ken Littlefield and later carried on by Tom Ludwig, also a council member. Another council member, John Clair, Jr., served for 25 years as Regional Chairman of the Metropolitan New York Region Ski Patrol.

Although fewer than ten percent of our membership actively compete, we enjoy and support competition.

Over the years this council has been host to American and Foreign ski teams and VIP's visiting the United States largely because of it's location and because of the efforts of the late John Clair, Jr.

Sugarbush, Vermont

[www.picomountain.com](http://www.picomountain.com)

Each year since 1936 the Metropolitan New York Ski Council has run an annual ski and inter-club racing competition. The competition, which features both alpine and snowboard races, is normally held during the later part of January. To ensure good participation, five events are offered: Main, Intermediate, Junior, Husband & Wife, and Snowboard. The competition draws serious racers and not so serious racers alike and offers a wonderful opportunity for members of the Council's clubs to meet, to compete, to ski together and to celebrate at the après ski party where medals are awarded and tentative trophy winner results are announced.

The competition is open to anyone who has been a member of a Metropolitan New York Ski Council club since January 1st of the year of the race, who is a bonafide amateur, who meets the eligibility requirements of the event entered, and who abides by the rules. Each year the following prized trophies are engraved and passed to the winners or to the winners' clubs.

## NATIONAL SKI AREA FEDERATION HOLDS ANNUAL MEETING IN MAMMOTH MOUNTAIN

The National Ski Council Federation has concluded its annual meeting in Mammoth Mountain Ski Resort. The organization brings together ski council presidents and snowsports industry representatives from across the nation to learn about and discuss topics of mutual interest.

“Discussions about booking ski club and council trips and a variety of other topics benefit from having ski council and industry perspectives included,” said Joe Harvis, NSCF president.

Ski councils exchanged ideas about increasing membership and trip participation through marketing, raising operating funds, and giving back to their communities by supporting charitable organizations. Industry representatives spoke about air travel, travel insurance, and choosing between renting skis, shipping them ahead, or taking them on the plane as checked luggage.

A highlight of the meeting was the opportunity to view the Ski Channel movie “The Story.” Steve Bellamy, chairman and CEO of The Ski Channel television network and U.S. Paralympics champion Stephani Victor, one of the stars of the movie, spoke to the group.

The currently serving NSCF officers were re-elected for two-year terms: Joe Harvis (New Jersey Council), president; Dennis Heffley (Bay Area Council), vice president; Lisa Beregi (Crescent Council), Secretary; Dawn Peterman (Milwaukee Council), Treasurer.

The 2012 annual meeting will be at Telluride Ski Resort Aug. 22-26. NSCF thanks Mammoth Mountain for their amazing hospitality.

### **About the National Ski Council Federation.**

Exceptional vacations require exceptional locations.

Our mountain has some of the longest, most challenging trails in the East, which is why our resort has a Spa. And a Performing Arts Center. And seven restaurants. And an amazing alpine village. The riding makes it a mountain, the year-round fun makes it a resort.

**Meet:** Meetings are held once a month, October through April, at the Bradhurst Recreational Center in Hawthorne, NY.

## *Learn to Teach, or Learn to Ski or Ride Like a Pro!*

***Do you wish you could glide down the hills or through the moguls and fresh powder like the pros you see while riding the lift? Do you wonder what secret gift or talent makes it so easy for them?***

It's no secret, and you have the talent! The fact is, you can become a better skier or snowboarder by learning and applying certain basic skills.

You can learn these skills by joining ASIA (Amateur Ski Instructors Association) and taking our Ski or Snowboard Teaching Certification.

Don't want to teach? That's OK, join us for one of our many fun, two day, on snow instruction programs.

ASIA is a non-profit, professional snowsports organization formed in 1980 and run by its membership. We've trained and certified thousands of ski club members like you. ASIA is a member school of the Professional Ski Instructors of America (PSIA), just like most mountain schools, and offers top quality, professional instruction at a very reasonable cost to members.

Folks participate in the four day ASIA Teaching Certification programs to learn to teach others, then volunteer their time in a structured club, church, or school instruction program.

Many folks use ASIA Certification as a first step toward becoming a member of PSIA without having to join a mountain ski school. Still others use the program simply to drastically improve their skiing or riding, as well as their understanding of the sport.

Everyone looks forward to the fun, camaraderie and learning opportunities our programs provide.

It's easy to become an ASIA member! Just go to [www.asiaski.org](http://www.asiaski.org), download our membership application, and mail it to ASIA with your dues payment.

To take a program, check the ASIA schedule for an event near you. Download the program application, mail it to the ASIA office with your check for the program fee, and start looking forward to the season when you learn to ski or ride like the pros!

***Come ski  
and ride  
with ASIA!***

## *Want to Carve up the Corduroy, Blast Through the Bumps, and Slice on Ice?*

Come spend a weekend on the snow with ASIA, getting pointers to improve your technique while meeting great folks who love to ski and ride!

ASIA offers programs for intermediate to expert skiers. Most famous are the popular Rally programs, which provide lifts, instruction, banquet and music to dance to as well.

Cross-country skiers are welcome, and the bus will also take them and pick them up from the cross country skiing area. Our trips include discount lift tickets and great company for everyone from experts to beginners. Go to our web site for information on the Novice Downhill Skier Program to help defray the expenses of beginners or guests returning to skiing after many years. Cocktails, wine, happy hour and meals and lodging are all included in the low cost trips. The club also runs week long ski trips out West and to Europe and participates in club races.

During the spring/summer/fall, the club offers trips to the lodge to hike, bike and Kayak (to name a few of the activities). **It falls. You go outside and play in it. You become 12 years old again.**

Pure joy. How else can you explain the ear-to-ear grins that peek out from under the goggles? Perhaps it's because the snow here is different. It's light and dry and fluffy and pure. In a word, it's perfect.

There are elements of risk in skiing that common sense and personal awareness can help reduce:

1. Ski under control and in such a manner that you can stop or avoid other skiers or objects.
2. When skiing downhill or overtaking another skier, you must avoid the skier below you.
3. You must not stop where you obstruct a trail or are not visible from above.
4. When entering a trail or starting downhill, yield to other skiers.
5. All skiers shall use devices to help prevent runaway skis.
6. You shall keep off closed trails and posted areas and observe all posted signs.
